Directions

1. Fry the bacon, and set aside to cool on a plate with paper towels.
2. Cut off the bottoms of the Brussels sprouts, then slice them in half. Lay them flat side down on the cutting board. Use a sharp knife to slice them into thin pieces. Chop the rest of the fruit and vegetables.
3. Place the Brussels sprouts and all of the other salad ingredients in a large bowl. Toss together.
4. Make the salad dressing and drizzle on about one third of it into the salad. Toss it all together. If more dressing is needed, add it slowly.
5. Refrigerate the salad for one hour to let the flavors come together.
